PHYSICAL CHEMISTRY SEMINARS

MICHAELMAS TERM 2026

(Convenors: Professors Brouard and Cotterell)

The following seminars will be held at 2 pm in the PTCL Lecture Theatre

Week 2	Professor Christian Pfrang, University of Birmingham
(19.10.2026)	<i>Levitated and Nano-structured Cooking Aerosols, Bees and Air Fresheners: A Journey through Outdoor & Indoor Air Pollution Research</i>
Week 4	Professor Chiara Giorio, University of Cambridge
(02.11.2026)	<i>Particle formation and growth mechanisms from tyre- and brake- wear</i>
Week 6	Professor Helen Fielding, University College London
(16.11.2026)	<i>Liquid-jet photoelectron spectroscopy of aqueous solutions and interfaces</i>
Week 8	Professor Tom Oliver, University of Bristol
(30.11.2026)	<i>Ultrafast photoinduced electron transfer in proteins</i>

Tea and coffee will be available in the PTCL Tea Room following each lecture

All welcome
